

Pat's Forever Tools

Sixteen Years ago I made one of the best investments I have ever made by purchasing a set of Cutco knives. I have used them every day since I received them. They are guaranteed forever.

In September of 2020, I decided to find another job. I had shut down my steel estimating business in April and was bored. So from one type of steel business to another, I interviewed to sell a product that I totally loved. I got the job. Today I am a Cutco Sales Representative selling one of my favorite products.

Follow my progress on Facebook at Pat's Forever Tools. Allow me to schedule a demonstration and show you the product. The best knives, accessories, pots and pans, hunting and fishing knives, tableware and so much more.
